

2022 Chip Sealing Schedule

The Town of Middlefield Public Works has scheduled the following roads for chip seal this year.

Cider Mill Road

Strickland Road

Stowe Street

Wallace way

Whisper Wind Road

Woodland Heights

Harvest Wood Road

King Road

The chip seal process is scheduled for August 8th - 12th. Please refrain from parking on the roadway as this will hamper the process and the vehicle will have to be towed. Please obey the temporary posted speed limits until the Public Works is able to sweep up the loose stone.

Thank you
